## General information

### Description of the licence

A single workstation licence entitles you to install and run the program on one computer. For this, the program must be activated after installation by using an unlocking code (password).

### Large orders

If you wish to order large numbers, please contact our Customer Service Department to discuss pricing details ([info@audiometry.biz](mailto:info@audiometry.biz)).

**all prices exclude VAT and shipping and are for payment in advance or by credit card. Prices subject to change**
